

13th Creative Day

You are invited, whatever your ability and experience, to explore your creativity through:

Painting · Collage · Play

Being part of a group can be inspirational and encouraging. This is a day of informal exploration, where individuals within a creative group have the freedom to develop their own work, while being given support by others if such is wanted.

Art materials will be provided, but please feel free to bring your own materials.

The afternoon will begin with a 'bring and share' lunch. Tea, coffee and fruit juices will be provided.

No childcare is available but older children who are prepared to participate for the whole afternoon and are accompanied by a responsible adult may attend.

Limited places – book now
